READ

Numbers 10:29-32

Luke 10:

DISCUSS

As you imagine Moses and Hobab having their conversation, what things do you notice or think about?

How does this conversation help you to think about how you could welcome someone to come and enter into life with Jesus?

What are your thoughts as you consider Australian culture with descriptors like individualism, indulgence, short-term orientation and low trust from a discipleship perspective?

Which of these descriptors resonate for you or the people in your world?

Consider a heart at peace vs a heart worried and anxious about many things. When you reflect on your heart experiences, what do you notice?

As you reflect on what Tania shared, what one or two things have stayed with you?

PRAY

Turn those reflections into prayers for yourself, for your community at Lifestreams, for your family, friends, others
